

OUR COMPANY

We are a modern and innovative company in the segments of precision-, system- and weapon technology located in Kufstein, Austria.

Our company has got extensive and advanced machinery resources. We produce sporting and hunting rifles as well as special machines and precision parts.

► Satellite prop for the aerospace

Milling and EDM-free-form prototype for a model study for the aerospace

Part has been generated without a drawing from 3D-data.

We manufacture components according to sample, drawing, 2D-, 2½D- and 3D-data, which are processed in our company.

OUR PRODUCTION

- Turning
- Milling
- Electrical discharge machining
- Flat and cylindrical grinding
- Polishing
- Sheet metal work
- Surface technology
- Part marking
- Assembly technology
- Small assemblies
- Intelligent modules
- Mould construction

► Aluminium gear wheel

**PRECISION AND TRADITION
FOR 60 YEARS**

OUR SERVICES

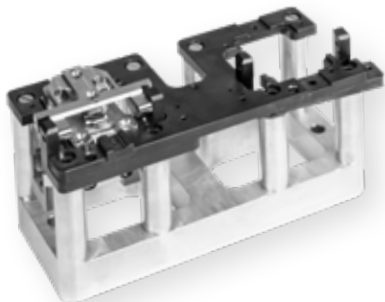

We are the component supplier of your choice, for assemblies, intelligent system assemblies and all kinds of precision parts also.

We manufacture your parts reliably and with the highest precision, a result of our high production density and high end machinery.

We are able to produce your complex parts for prototypes, small, medium and large series as well.

Our company is EN ISO 9001:2015 certified.

- ▶ **System assemblies** for the semiconductor industry

- ▶ **Collets** in different sizes for the tool making made of high-alloy steel

- ▶ **Cutaway model** for the optical industry made of aluminum

- ▶ **Complex parts** for the medical technology made of stainless steel, titanium and other materials

- ▶ **Accessories** for the weapons industry
